

CENTRAL INTELLIGENCE AGENCY

WASHINGTON 25, D. C.

15 October 1953

Brigadier General T. A. Wornham
Assistant Chief of Staff, G-3
Headquarters U.S. Marine Corps
Department of Navy
Washington 25, D.C.

Dear General Wornham:

With reference to my conference with the Advanced Research Group of the Marine Corps at Quantico on 27 October, I am enclosing herewith copies of certain National Estimates which might serve to stimulate discussions.

I regret that our extremely limited distribution of this material does not make it possible for me to provide copies for each member of the group. Because they are generally short, I am hopeful that it will be possible to rotate them among your members without too much inconvenience.

I assume I shall hear from you or the school as to the exact room number and building to which I should report.

Sincerely,

Robert Amory, Jr.
Deputy Director/Intelligence
